## KIDS' CONNECTION

**Harvey and his friends are excited to learn more about transformers!**

**Transformation always has a purpose. Transformers don't transform from a car to an Autobot for no reason. Have you ever seen a caterpillar transform into a butterfly, or a seed grow into a plant? It's not evolution, it's an amazing process designed by God! In the same way, He created us for a purpose! He helps us change the things that are holding us back and grow into people who do amazing things for Him!**

**Join Harvey and his friends as they learn about this exciting transformation!**

## REAL LIFE TRANSFORMERS

Transformers are pretty cool, but did you know there are some real life transformers?

It's not an alien that fights Decepticons, but some Japanese engineers have designed a car that really can transform!

J-deite RIDE stands at about 12 feet tall in robot form. It takes around one minute to transform, and it can transform with two people riding inside! J-deite RIDE can drive up to 37 miles per hour, and in robot form it can both walk and travel on wheels.

It may not be practical, but J-deite RIDE's creators hope to make it available to the public to amaze and inspire people!

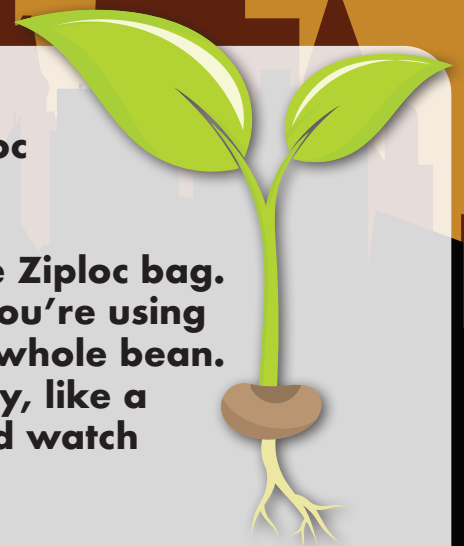

## CHALLENGE

Here's a fun way to watch the transformation process! You'll need some dried beans, paper towel, and a Ziploc bag. Make sure your beans were not cooked first!

Fold a few damp paper towels flat and fit them into the Ziploc bag. Place a few dried beans on top of the paper towel. If you're using green beans, just put the seeds inside the bag, not the whole bean. Close the bag, and leave it somewhere warm and sunny, like a window sill. Keep the paper towel from drying out, and watch your beans sprout and grow within a few days!

# GOD TRANSFORMED...

## PETER...

Do you ever act without thinking? Do you get scared easily or feel like you aren't smart enough? When Jesus told Simon to follow Him, He had great plans to transform Simon! Simon was a simple, uneducated fisherman. He often did things without thinking and was so afraid when Jesus was on trial that he denied knowing Jesus! But Jesus forgave him and gave him the name Peter, which means "rock." God transformed Peter to be strong, wise, and bold as he told people about Jesus!

## PAUL...

Do you ever feel proud, like you're better than other people? Do you struggle with being a know-it-all, or are you quick to point out other people's flaws? Saul was a very proud man who hunted down Christians to arrest them, put them in prison, and even kill them. He believed obeying God's law was the way to be saved, so he thought he was doing the right thing by getting rid of Christians who were telling people that Jesus was the only one who could save them. One day, as Saul was traveling to arrest more Christians, Jesus appeared to him on the road in a burst of light. Jesus showed him that He was really God, and believing in Him is the only way to be saved! Saul's name was changed to Paul and he started teaching the good news about Jesus! Paul gave up his pride and became a great leader for the followers of Jesus!

## ...AND YOU!

If you love Jesus, you don't need to feel discouraged when you mess up. God is working in your life to transform your heart, just like He transformed Peter and Paul! God can and will do great things through you!

## THINK ABOUT IT

God made you special the way you are, and He wants you to be happy with the way you look on the outside!

On the inside, we should want to become more like Jesus. He is our greatest role model, since He is perfect and never did anything wrong! God wants us to love Him and love other people just like Jesus did while He was here on Earth.

We can't change by ourselves, since it's our human nature to make mistakes and try to do things our own way instead of God's way. God knows this and loves you anyway! When you decide to follow Him, His Spirit comes to live inside you. He's always there to comfort you and help you make wise choices to be more like Jesus!
