

YOUTH HAVEN

KIDS' CONNECTION

This spring, Harvey and Friends are going on an adventure in the world of Lego!

Legos come in many different sizes, shapes, and functions. But they all have the same main purpose: to build a cool, creative structure!

Just like you might build a castle or a car with Legos, you can build your life on the foundation of Jesus with a bunch of different pieces. These pieces are Bible verses and Jesus's words that teach us how to live!

We all need Jesus's Word to show us the right way to live. A firm foundation helps you stay strong when life gets hard, and Jesus is the only foundation that will last forever! Look inside to learn more about how to start building!

BUILDING YOUR

FOUNDATION

Jesus told His followers a lot of good lessons and stories, called parables, to illustrate truths. We should build our faith on Jesus's teaching, because He loves us and His teaching is a solid, firm foundation.

**Matthew
7:24-27**

Luke 10:25-37

A man asked Jesus what God means when He tells us to love our neighbor. Jesus told him a parable in response. A traveling Israelite was attacked and beaten by robbers, who stole his clothes and left him to die beside the road. A priest walked by but didn't help the poor man. A temple assistant also passed by without helping. Then a Samaritan came along. Samaritans were enemies of Israel, but the Samaritan helped the man anyway. He treated the man's injuries and took him to an inn to heal. Who was a good neighbor to this man? Of course it was the Samaritan who took care of him! This is what true love toward others looks like!

Luke 19:1-10

Jesus was healing a huge crowd, and they began to get hungry. Jesus's followers asked Him to send the people away, but Jesus wanted to feed everyone instead! He took five small loaves of bread and two fish and divided them up for the all people. Over 5,000 people were fed that day! Jesus's miracles prove that He is God and that we can trust Him!

A short man named Zacchaeus wanted to see Jesus, so he climbed a tree to see Him over the crowds! Jesus noticed him and asked to visit him at his house! Most people didn't like Zacchaeus, but Jesus showed him love and taught him how to obey God!

Matthew 14:14-21

HARVEY and FRIENDS

Meet PATRICK!

I Live in: Arizona

My Favorites: The pool, zipline, bodybuilding, posing for patriotic photos, America, and freedom! I also love storms. Bald eagles are the only birds that like storms.

I Don't Like: Sitting around doing nothing

I'm Good at: Swimming, diving, doing fancy tricks while flying, and keeping people safe. I'm also really good at teaching kids about God and why it's important that we have freedom to worship Him!

My Favorite Bible Verse: "He (God) is so rich in kindness and grace that he purchased our freedom with the blood of his Son and forgave our sins." - Ephesians 1:7

THINK ABOUT IT...

Your foundation is very important because you build your life on it. You center all your actions and goals around it. You put your faith and hope in it. People put their faith in different things like money, good looks, being popular, or being famous.

What foundation are you building your life on? Jesus is the only firm foundation that will last forever! To build your faith on Jesus, start by loving God with all your heart, and love other people as yourself. The rest of the Bible and God's commands are based on these two things!

Matthew
22:36-39

IN MY WORLD

The LEGO House "Home of the Brick"

You can find the LEGO house, called "Home of the Brick," in Billund, Denmark, the town where Lego was invented! It is designed to look like huge Lego bricks stacked together. It contains 25 million bricks!

LEGO House is a fun place with lots of activities and Lego builds to inspire and boost your creativity! It's home to one of the world's largest Lego builds, the Tree of Creativity. The tree is made of more than 6.3 million bricks and is almost 50 feet tall!

LEGO House has different colored zones where you can build with your imagination, express your emotions through Lego builds, practice problem solving, and make a stop-motion Lego movie!

CHALLENGE

If you have Legos or any other building toys, can you build a house with a firm foundation? Design a strong building and give it a firm base so it won't fall over.

To see how strong your building is, you can shake it on its base, or roll a ball at it and see if it breaks or falls over. You can also test its strength by putting something heavy on it, like books or some other heavy (but safe) objects.

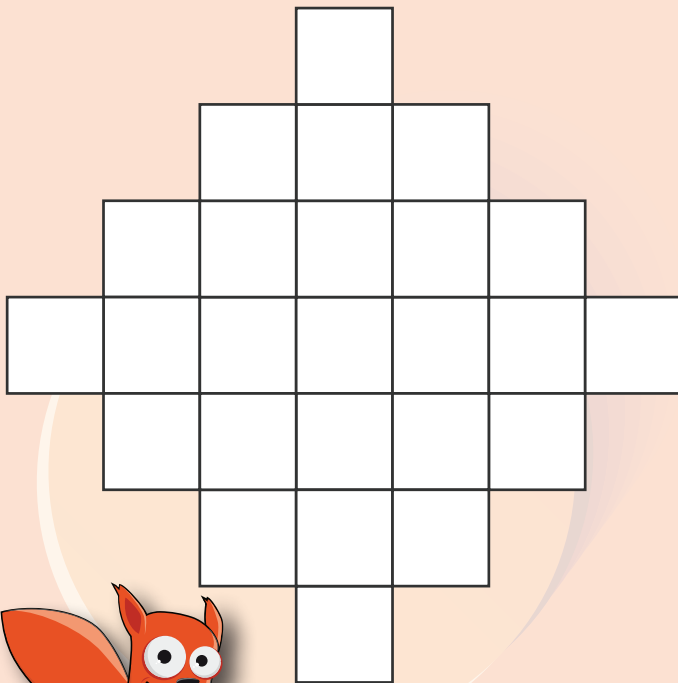

TEAR-OUT ACTIVITY PAGE

Do the activities on the front and back of this page. Then tear or cut it out and send it back to us, and we'll send you a Harvey mail sticker!

Your First and Last Name: _____

Brain-Bending Puzzle

Fit all the colored blocks below into the puzzle base on the left! You can draw the shapes in the base and color them with colored pencils or crayons that match the colors of the pieces. Use each piece only once. (Hint: none of the pieces needs to be rotated, flipped, or turned.)

Fill-In the Blank Facts
